Don Bosco Institute of Technology, Mumbai - 400070

Report on Create your own website using Google site

Title : Session to create resume using Google Site.

Date : 28/9/19

Time : 10:00 am to 12:00 pm

Venue : Comp Lab 4

Participants : Computer Dept faculties

Resource Person : Deepali Kayande

Organzing Department / Committee / Authority : Website Committee

Objective : To acquaint the faculties with Google site facility for creating their own website easily.

Outcomes : Faculties should create and maintain their resume using website

Excerpt : Deepali Kayande on behalf of the DBIT website committee conducted a two hour session on creating your own website using the google site.

Report :

Deepali Kayande being the department website coordinator and on behalf of the DBIT website committee conducted a two hour session on creating your own website using the google site. The faculties from Department of Computer Engineering attended the session and created their resumes using Google websites.

The session began at 10:00 am where the faculties carried their resumes which in turn they converted in the website format using various templates/ layout available on google site. Features like adding tabs, multiple pages and linking them were explained during the session.
The faculties chose their own theme and layout for resume design. All the relevant information from their current resume was reflected on the website.

The faculties are required to update their resume on regular basis and keep it up to date.
By end of the session all the faculties were ready with their URL which later got linked in the faculty profile tab by Ms. Deepali.

Positive feedback for the session was received.
Similar sessions will be conducted for the college faculty in future fo better representation of the profiles.
